ARTIST'S STATEMENT

Inspired and delighted by the beauty of nature, I seek to express the awe and wonder I feel through a variety of media on paper. I am fascinated with the effects of light on the colors and textures of the landscape, and with the rhythms and patterns of shapes I see. I find it to be spiritually and emotionally vital to spend time experiencing and contemplating our natural world. I wish to communicate with the viewer the pleasure, peace and the joy I feel when in the presence of nature.
